

## Bon Appetit

At *Avery Crossings Bistro @ 110 West*, our residents enjoy unparalleled elegant gourmet dining prepared by a highly trained staff. We focus on bringing a wide variety of menu choices tailored to the preferences of all our residents. In addition to the daily specials, our residents can choose from a large variety of selections listed on the alternate menu as well.

Our residents participate in creating our menus--suggesting new ideas and providing feedback on existing choices. They can expect traditional menus plus the opportunity to experience new specialties on a regular basis. Our residents will always find a variety of menu items to suit their tastes.

Additionally, we work to ensure that special dietary needs for each of our residents are met. All our foods are prepared with a minimum amount of salt, and sugar-free desserts are also offered at every meal. You will be able to dine with us knowing that your nutritional requirements will be met each day in a menu designed to be healthy, delicious, and **full of choices.**
